

LOVO™FC CONNECTOR 5C RGBW

Prism Lighting Group™ introduces our LOVO™FC 5C Connect Cable System for indoor and outdoor RGBW LED lighting. With ease of use, I&D labor savings and true positive connection as the driving force, the LOVO™FC5 connecting system is another example of Prism striving to provide the best LED Lighting Products for exhibits, retail, commercial and special lighting projects.

The LOVO™FC 5C Connecting system works with voltage range from 1 – 24Vdc and its 8amp rating has the ability to handle more power than traditional low voltage connectors used in the industry. The Streamline Shape of the Connector is designed to fit and slide through your mill work with ease as well as tight openings without the worry of getting disconnected. With our molded design, no worries about pulling out wiring from the connector body when disconnecting during dismantle . There are no limitations to lighting configurations!

Producing a cable connection system that is easier and faster to use, just another reason why Prism Lighting Group™ is the innovation leader in the LED Lighting World.

MALE SOLDER TIP 5 WIRE RGBW FC CONNECTORS

Product Number	8170-FC-M-5C-1ft
Length	1ft (12" / 300mm)
Voltage Range	1-24V
Amps	8 Amps Maximum
IP Rating	IP67

FEMALE SOLDER TIP 5 WIRE RGBW FC CONNECTORS

Product Number	8170-FC-F-5C-1ft
Length	1ft (12" / 300mm)
Voltage Range	1-24V
Amps	8 Amps Maximum
IP Rating	IP67

MALE TO FEMALE RGBW EXTENSION CONNECTOR CABLES

Lengths	3FT (1M)	10FT (3M)
Product Number	8170-FC-EXT-5C-3ft	8170-FC-EXT-5C-10ft
Type	RGBW Extension Cables	RGBW Extension Cables
Voltage Range	1-24V	1-24V
Amps	8 Amps Maximum	8 Amps Maximum
IP Rating	IP67	IP67

MALE TO 2X FEMALE RGBW Y-SPLITTER CABLE

Product Number	8170-FC-2Y-5C
Length	18" (500mm)
Type	RGBW 2-Way Y Splitter
Voltage Range	1-24V
Amps	8 Amps Maximum
IP Rating	IP67
